- What contents are available from ProQuest for Chuo University – details of its platform and databases
  - How to cross-search on ProQuest single platform
  - How to search individual database – ABI/Inform Complete, and its dissertations and theses
  - Introducing Ebook Central
  - How to create citation and bibliography list

### About ProQuest

ProQuest databases provides a single source for scholarly journals, newspapers, reports, working papers, and datasets. Renowned abstracting and indexing makes this information easily navigable, while content tools, including instant bibliography and citation generators, simplify management and sharing of research.
