

The page features three large, overlapping orange circles of varying sizes, each composed of concentric circles in different shades of orange. These circles are connected by thin orange lines that extend from the top-left and top-right corners towards the center of the circles. The largest circle is at the top right, a smaller one is in the middle, and another large one is at the bottom right.

CHUO UNIVERSITY
Graduate School of
Science and Engineering
<Research Student>

2021/11 update

【What is a Research Student?】

A research student is a student who engages in a specific research by using facilities at Chuo University. Graduate School of Science and Engineering of Chuo University conducts a Research Student system for international students who stay in Japan or will move to Japan and wish to research and aim at enrolling in Graduate School of Science and Engineering, Chuo University as a regular student.

【Research Environment】

- A Research Student can use facilities at Korakuen Campus of Chuo University.
e.g. Library, IT Center, Co-op, Cafeterias
- A Research Student can belong to a laboratory.
Note: The contents of research and guidance vary depending on laboratories.
- A Research Student can take Japanese courses for international students.
(To be announced)

【Application Requirements】

Those who satisfy the requirements below.

- (1) Those who have citizenship except for Japanese citizenship.
- (2) Those who have a bachelor's degree of foreign universities other than Japanese Universities or any other person equivalent to the persons who have bachelor's degree.

NOTE: Those who haven't obtained a degree need to take an individual qualifying examination.

【Starting Date of Application and Period of Acceptance】

Starting Date of Application: In general, 1st April and 1st October (Negotiable)

Period of Acceptance: 3, 6, 9, or 12 months

NOTE: A school year ends on 31st March. If you wish to continue study as a research student, there are additional procedures. Please contact Office of Graduate School of Science and Engineering.

【NOTE】

The number of students who can be accepted into the Graduate School of Science and Engineering varies according to field of research and the faculty advisors able to supervise them. Before applying prospective applicants must contact the faculty advisor under whom they wish to study to receive that faculty advisor's permission. Contact information (email addresses) for faculty advisors can be obtained by contacting the Graduate School of Science and Engineering (Tel: 03-3817-1740).

【Application Documents】

- (1) **Application Documents** (prescribed form)
- (2) **Research Proposal** (prescribed form) : Please make it short and clear, and submit a A4 one page proposal.
- (3) **Recommendation Letter** (prescribed form) : It is desirable that a recommender knows applicant' s progress of research (e.g. a professor at the applicant' s most recent institution where their degree was earned.). However, a teacher at Japanese school or a professor at Chuo University are acceptable.
- (4) **Declaration and Certification of Finances** (prescribed form) : A guarantor is a person who lives in Japan and sets up an independent living arrangement. If you want to ask someone to help to apply for Visa, someone should be a relative. For further information, please contact to an Immigration Services Bureau.
- (5) **Certificate of University Graduation/ Degree and Transcript of University** : Either Japanese or English. If other languages, attach a translation certified by an appropriate authority such as an embassy. Only original is acceptable.
 - * If you wish to return the original, submit the following documents together with the original.
 - Copy of the certificate
 - Return envelope with stamps
 - * If an applicant has not obtained a degree, an individual qualifying examination is required.
- (6) **Certificate of Japanese or English Proficiency** : A test score for the Japanese–Language Proficiency Test given by the Japanese Education Exchanges and Services or “Examination for Japanese University Admission for International Students” given by the Japan Student Services Organization. A TOEIC or TOEFL official score.
- (7) **Other Documents Required by Your Supervisor**
- (8) **A copy of either a resident card, a passport, a certificate of a special permanent resident**

*Please download the prescribed forms of the application documents from (1) to (4).
