

## Handling of various activities at the University

### 1. Basic stance of the University

- (1) The health and safety of students and university staff will be given top priority.
- (2) Students will be able to follow the curriculum of the university, earn credits, graduate within the planned period of enrollment, and pursue employment, advancement, qualification examinations, and national examinations.
- (3) We will reduce the financial burden on students as much as possible and provide students with the support they need for their learning.

### 2. Points to consider in particular

- (1) Student activities on campus were restricted in AY2020 and 2021, but we will provide students with opportunities for interaction on campus as much as possible in AY2022.
- (2) Since extracurricular activities are very important for enriching university life, we will take various measures to allow students to actively engage in activities.
- (3) If a coronavirus infection occurs on campus, we will work closely with the University Health Center and local institutions in taking prompt action to prevent secondary outbreaks.

### 3. Precautions for activities on campus

- (1) As a basic rule, wear a mask on campus whether or not you have been vaccinated.
- (2) When eating on the campus, be aware of the basic rules necessary to prevent infection, such as refraining from having conversations during meals and following the rules of the cafeteria.
- (3) When using the elevator, give priority to people with disabilities and the elderly, and use the stairs as much as possible.
- (4) If you are not feeling well, consult with the nearest office or health center and leave the campus as soon as possible.

### 4. Points to be noted for students taking classes on campus

- (1) Take your temperature every day and do not enter the campus with a temperature of 37.5°C or higher or when feeling ill.
- (2) Have your student ID card scanned when entering and leaving the campus, as instructed by the university.
- (3) Utilize the coronavirus contact confirmation app (COCOA) as much as possible.
- (4) After entering the campus, wash your hands. Bring your own towel and disinfection sheet.
- (5) Wear a mask during class.
- (6) Be careful not to sit too close to other classmates during class.
- (7) Take the class in the designated classroom. Refrain from talking except when you are speaking up in the class.
- (8) When taking a distance class on campus, bring your own mobile PC and use a headset and microphone. In such a case, make sure to charge the battery

beforehand. If you have to borrow a rental PC, make an effort to disinfect it before returning it.

(9) If you have to borrow a rental PC, do not share it with others.

(10) To avoid further spread of the coronavirus, try to leave the campus immediately after classes unless there is a necessary reason for remaining.
