CHUO UNIVERSITY
TAMA CAMPUS
BARRIER FREE MAP
(Created: March 2023)

At Tama Campus, each building is accessible from a two-level pedestrian deck. However, each building has a different entrance and accessible floors. Refer to the map below. The area indicated by the symbol \( \square \) on the map is located on the pedestrian deck.

**Access information**
- Building entrance and exit
- Ramp (approx. 3° to 4.5°)
  - Wheelchair users can move without assistance.
- Slightly steeper ramp (approx. 4.5° to 7°)
  - Caregivers should accompany wheelchair users.
- Steep ramp (approx. 7° or more)
  - Care must be taken when moving, and caregivers must accompany wheelchair users.

**Building entrance and exit**
- Roads, ramps, and stairs
  - Ramp (approx. 3° to 4.5°)
  - Slightly steeper ramp (approx. 4.5° to 7°)
  - Steep ramp (approx. 7° or more)

**Access routes requiring caution**
- All campus facilities are wheelchair accessible.
- Care must be taken when moving, and caregivers must accompany wheelchair users.

**Barrier-free facilities**
- Elevator
- Multipurpose, wheelchair-friendly room
- Ostomate restroom

**Access routes requiring caution**
- Numbers indicate the floors on which they are located.

**Access routes requiring caution**
- See the reverse side for details.
All campus facilities are wheelchair accessible, but some areas require caution.

**Green Terrace Walkway**
This area has a steep slope (approx. 6°) and is about 60 meters long, which may be difficult for wheelchair users and some pedestrians.

**Central Library**
The entrance to the library is on the pedestrian deck. Take the elevator on the passage below the pedestrian deck to the library entrance (2F).

**Gymnasium 1: Access route to the barrier-free restrooms on the first floor**
The ramp leading to the restrooms has a slope of approximately 5° to 6°, and wheelchair users should use caution when climbing the ramp.

**Access to Building 9 from the deck**
Take the elevator in Building 8 down to the second floor from the passage below the pedestrian deck. Then go down the ramp to the second-floor entrance of Building 9.

**Barrier-free restroom on the 1st floor of Gymnasium 1**
You can use both the downhill ramp and the uphill ramp to access the entrance. (Be careful of the difference in level.)

**Access Route**
The following public transportation options are available to visitors to the campus. The Chuo-Daigaku-Meisei-Daigaku Station on the Tama Toshi Monorail Line is directly connected to Tama Campus and is the recommended route.

**Monorail**
- **Tama Monorail (Chuo-Daigaku-Meisei-Daigaku Sta.) Monorail Exit**
  - After getting off at Chuo-Daigaku-Meisei-Daigaku Station on the Tama Toshi Monorail Line, you can access the campus directly from the monorail station exit. *AEDs are available on the station premises.*
- **Chuo-Daigaku bus stop on the Keio Bus - Main gate**
  - To access the main gate from Tama Center Station, take the bus bound for the Toyoda Ekina Minamiguchi (about a 12-minute ride). From JR Toyoda Station, take the bus bound for the Tama-center Station (about a 15-minute ride). Get off at the Chuo University bus stop. *There is a long slope from the main gate.*

**Bus**
- **Chuo Daigaku bus stop on the Keio Bus - Main gate**
  - To access the main gate from Tama Center Station, take the bus bound for the Toyoda Ekina Minamiguchi (about a 12-minute ride). From JR Toyoda Station, take the bus bound for the Tama-center Station (about a 15-minute ride). Get off at the Chuo University bus stop. *There is a long slope from the main gate.*

**Train**
- **Tama Dobutsu Soka Stn. on the Keio Dobutsuen Line - North Gate**
  - It takes about 10 minutes on foot from Tama Dobutsuen Station on the Keio Dobutsuen Line to the North Gate. There are stairs, a level difference, and a steep slope from the North Gate to the campus.

Please use public transportation to get to the campus. Check the websites of public transportation companies for the latest information.

*Contact us in advance if you are coming by car and need priority parking.*
