| Once an exchange student is officially admitted to Purdue, the student's file is forwarded to an academic advisor, who assists the exchange student with course registration. If there is a conflict with the student's requested courses or class schedule, the student will be notified by email. Students admitted to Purdue as undergraduates may take courses numbered from 10000 to 49999. Courses numbered 50000 to 59999 require special permission from the department; those numbered 60000 and above are open only to exchange students who have been admitted as graduate students.<br>It's very important to read the information about course selection and registration BEFORE you complete that section of the exchange student application. This is important because the course listings for the current semester may not be posted to the Purdue website until after the deadline. Please refer to the listings for the previous fall or spring semester. |                                                                                               |                                                      |                                                               |              |

| 保証有り/Yes -University Residences housing: After students have been admitted and assigned a Purdue identification number (PUID), they can apply online for University Residences accommodation. As soon as an exchange student is admitted, the Study Abroad Office sends an email explaining exactly how to apply online for housing. The Study Abroad Office does not have the resources to assist exchange students in locating independent accommodation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                               |                                                      |                                                               |              |

If you want to study Business Administration (Accounting, Finance, Information Decision Systems, Management, Marketing,) Communications, or any of the other impacted programs listed on the web page above, enrolling in upper-division classes in your major at SDSU will be challenging. In light of this situation, exchange students may not enroll exclusively in classes in the impacted programs.<br>-The following majors have restrictions placed on many of their classes, therefore only limited courses are available:<br>Biology, College of Business, All College of Engineering Majors, Journalism and Media Studies (JMS),Speech, Language, and Hearing Sciences,Television, Film and Media Studies, Theater |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                           |                                                                  |                       |

In the case of a half-year study abroad, students will be enrolled in the Fall Quarter + Winter Quarter. In the case of a one-year study abroad, students will be enrolled in the Fall Quarter + Winter Quarter + Spring Quarter. If the first quarter is the ESL Preparation Program [A full load of ESL coursework], students cannot progress to the Guided Full-Time Academic track [12-13 Academic units + 1 ESL course] in the next quarter unless they achieve a passing score on the tests during the term. Since the purpose of the exchange program is to take specialized courses, in the case of a half-year study abroad, Chuo University does not permit students to be enrolled in the ESL Preparation Program for both the Fall and Winter Quarters (taking only language courses for half a year). Please take these points into consideration before applying. |                                                 |                                                                                             |                                                                                                 |                                                                              |

| 有/Yes -<br>1.Undergrad students requesting business courses must show that they've met these prereqs before they will be approved for higher level business courses: Calculus, statistics, macroeconomics, microeconomics, financial accounting, managerial accounting, Excel for business<br>2.While no academic programs are explicitly off-limits to exchange students, and they technically can take graduate level classes (as an undergrad), it may be extremely difficult for a student to receive the permissions necessary to do so. Certain cohort-based scholar programs (e.g. Honors College Program) cannot accommodate exchange students, given that they are multi-year, sequential programs with limited intake opportunities. Our Belk College of Business is very strict about the need for students to have met course prerequisites in order for them to take courses in that college.                                                                                                                                                                                                                                  |                                                                                                                          |                               |                                                                  |                           |
